

mySATadvisor's Personalized Recommendations Summary Report

Transforming Practice Data Into Insights - Prepare Smart!

Student Name : Amanda zehl
Test Name : CB:Test-1
Date : Jun 02, 2017

Description: Turn these insights into a key preparation strategy for your competitive advantage to score high. This smart personalized recommendation system report has been generated based on your key performance indicators from the test.

Tip: The secret to unlocking your highest SAT score is to first practice, analyze and master the concepts from College Board SAT tests. Improve speed, accuracy and focus on weak areas from this report. Prepare smart!

Note : You took either more time than allowed for each question or more time than the next question in the same skill-set area. Please learn and practice more on the below skill-set areas to gain confidence and improve your score!

My Speed Analysis (How you managed your time?)

	Reading	Writing and Language	Math without calculator	Math with calculator
1	Word Choice Q40, Q22, Q34	Precision Q1, Q35, Q10	Trigonometric Ratios, Theorems Q19	Nonlinear Relationships Q30
2	Citing Textual Evidence Q14, Q10, Q5, Q23	Possessive Nouns and Pronouns Q41	Systems of Linear Equations Q1, Q18	Percentages Q26, Q20
3	Central Ideas Q1, Q33, Q47	Pronoun-Antecedent Agreement Q30, Q44	Systems Using Algebra Q11, Q9	Evaluating Reports Q7, Q13, Q22
4	Interpreting in Context Q12, Q18, Q45, Q3	Intros, Conclusions, Transitions Q38, Q27, Q14, Q9	Quadratic or Exponential Modelling Q14	Systems Using Algebra Q10

Note : You entered more number of notes related to below skill-sets for your review.

My Error Analysis (From Notes to improve Accuracy)

	Reading	Writing and Language	Math without calculator	Math with calculator
1	Explicit Meaning Q4, Q6	Focus Q20	Systems of Linear Equations Q1	Graphs,intercepts,Relationships Q15, Q16
2	Relationships Q26	Precision Q35	Quadratic or Exponential Modelling Q14	Nonlinear Relationships Q30
3	Purpose Q7	Verb Tense, Mood, Voice Q18	Trigonometric Ratios, Theorems Q19	Congruence and Similarity Theorems Q3
4	Central Ideas Q1	-	Systems Using Algebra Q11	Percentages Q26

Note : Nice Work! You have excelled in the below skill-set areas.

My Strengths i				
	Reading	Writing and Language	Math without calculator	Math with calculator
1	Word Choice Q22, Q40, Q34	Focus Q42, Q2, Q28	Linear-Quadratic Systems Q15	Polynomial Zeros and Factors Q29
2	Interpreting in Context Q3, Q12, Q51, Q48	Proposition Q37, Q6	Trigonometric Ratios, Theorems Q19	Algebraic-Graphical Connections Q28
3	Point of View Q38	Syntax Q39	Equivalent Algebraic Expressions Q13	Interpreting Nonlinear Expressions Q38
4	Relationships Q49	Concision Q13, Q23, Q21	Solving Radicals and Rationals Q20	Circle Equations Q24

Note : No worries!. You are just getting started. Please focus on the below skill areas by self-study, group study or 1 on 1 tutoring to gain your confidence and increase your score. Use this platform to practice as many times as needed after mastering these key areas

My Key Areas to Focus i				
	Reading	Writing and Language	Math without calculator	Math with calculator
1	Relationships Q26	Possessive Determiners Q19	Quadratic or Exponential Modelling Q14	Congruence and Similarity Theorems Q3
2	Explicit Meaning Q6, Q4, Q24, Q9	Items in Series Q4	Systems of Linear Equations Q1, Q18	Graphs,intercepts,Relationships Q15, Q16
3	Purpose Q27, Q7, Q42, Q11	Style and Tone Q33	Linear Modelling Q3, Q12	Ratios, Rates, Proportions, Scales Q1, Q33, Q34, Q27
4	Implicit Meaning Q15	Precision Q35, Q1, Q10	Complex Numbers Q2	Linear Equations Q4, Q8, Q19

GAP Analysis My Score Goal Total : 1470 Math : 740 English : 730		Reading	Writing and Language	Math without calculator	Math with calculator
	CORRECT	45	41	19	34
	INCORRECT	7	3	1	4
	I NEED	7	3	1	0
	OR	7	0	1	2
	OR	0	3	1	3
	OR	3	0	1	4
	OR	0	2	1	4
